The Art of THINKING

By ERNEST DIMNET

"The book seems destined for a wide
 popularity and it deserves it. The thinking
 that the author discusses is thinking in its
 widest reaches, and his examples of its
 successes and failures range all the way
 from the lives of the saints to the writings
 of the 'super-realists'. Nobody can read
 the book without deriving benefit."

The Nature of the Physical World

By A. S. EDDINGTON

Here is an *Alice in Wonderland*
 for mature, eager minds—a rare
 adventure, a fabulous journey
 into the amazing new secrets of
 the universe revealed by modern
 science.

The *New York Times* says "there could
 scarcely be a more admirable exposition
 of the content of recent physical science."
 . . . a luminous . . . and beautiful book."
 "This book is one of several which are
 showing the bankruptcy of that mechan-
 istic materialism which has been the
 creed of science and on the basis of which
 it has been bound to view religion as
 superstition."—*The Outlook.*

"A question eagerly asked today is 'What
 effect does the recent development of
 physics have on our conception of things
 in general—on our philosophy and our
 religion?' It is this question to which
 Professor Eddington addresses himself in
 his latest book. No man now living is
 more competent to give the answer."

VIGOROUS! INTERESTING! UP-TO-THE-MINUTE!

The 20th Century Quarterly

Interdenominational!
 Many Hundreds of
 Presbyterian
 Congregational
 Baptist
 Methodist
 classes use it
 —15 denominations in all

It makes a study of the Bible itself, treating the International lessons in fresh, interesting fashion.

It teaches Bible truth as the key to the solution of the perplexing problems of TODAY.

It aims especially to inculcate Christian ideals and grow character in modern young people.

Your young people, your adults, need the 20th Century Quarterly.

Thomas Curtis Clark edits the Quarterly and here are its department editors: Helen Barrett Montgomery, Sydney Strong, Ernest Bourner Allen, Herbert L. Willett, Jr., John R. Ewers, Roy L. Smith and James M. Stiffler. Every name counts.

Preaching Out of the Overflow

By WILLIAM L. STIDGER

Dr. Gaius Glenn Atkins says of the new book:

"I have read it with great interest. It is vital, practical, wonderfully suggestive. Stidger has a genius for illustration hardly equaled in the American pulpit. Any preacher will find in this book a stimulus to put a new quality into his own preaching."

Some chapter titles:

Preaching Out of the Overflow
 Developing the Homiletic Mind
 The Objectives of the Sermon
 The Tests of a Great Sermon
 The Impact of a Compact Sermon
 Creating the Atmosphere
 Reaching the People in Preaching
 Reserve Power in Preaching
 The Power of Preaching Today
 Out of the Overflow of Great Books
 Preaching Through Nature
 The Bible the Basis of Great Preaching. (\$2.25)
